"*Coming to Jakarta* was one of the most important public poems of the late twentieth century. Good, then, to have a book that explores the background of the poem, and also testifies, through reflections on Milton and Milosz, to Scott's growing faith that poetry can indeed change the world."

— Alan Williamson, University of California, Davis

"*Poetry and Terror* is a welcome addition to the growing literature surrounding Peter Dale Scott's masterpiece."

— Roger Mitchell, Indiana University

Peter Dale Scott is a co-founder of the Peace and Conflict Studies program at University of California, Berkeley, and the author of many books including *The American Deep State*, *Cocaine Politics*, *American War Machine*, *Minding the Darkness*, and *Mosaic Orpheus*.

COMING TO JAKARTA A POEM ABOUT TERROR

"Not since Robert Duncan's *Ground Work* and before that William Carlos Williams' *Paterson* has New Directions published a long poem as important as *Coming to Jakarta*."

— James Laughlin

"A brilliant and devastating book. An autobiography that cat's-cradles meticulously into world politics....This is a rare difficult book that uses precise poetry to evoke a map of the world where childhood lyric rubs shoulders terribly with the dark gods of power."

— Michael Ondaatje
